Statement pursuant to Section 102 of the Companies Act 2013**Item No.3 to 9**

The members of the Company at the Annual General Meeting held on 30th September 2014 and on 30th September 2015 approved, inter alia, appointment of the following Directors, viz. Sri C.Rangamani, Sri S.S.Muthuvelappan, Sri P.K. Chandran, Sri N.K. Vijayan, Sri K.V. Ramachandran, Sri S. Chandrasekhar and Sri S. Balasubhramanian, as Independent Directors to hold office for a term of five consecutive years upto 29th September 2019. Accordingly, they will hold office as Independent Directors upto 29th September 2019.

Notices proposing the above Independent Directors for re-appointment have been received from certain members of the Company under Section 160 of the Companies Act, 2013.

Considering their vast experience, skills and the contributions made by them, and based on the evaluations made on their performance, the Nomination and Remuneration Committee and the Board of Directors are of the opinion that their continued association would benefit the Company and have recommended for re-appointment of Sri C.Rangamani, Sri S.S. Muthuvelappan, Sri P.K. Chandran, Sri N.K. Vijayan, Sri K.V. Ramachandran, Sri S. Chandrasekhar and Sri S. Balasubhramanian, who have given their consents for re-appointment as Independent Directors for the second term of five consecutive years from 30th September 2019. They have also declared that they are not disqualified for re-appointment under the Companies Act 2013 or SEBI (LODR) Regulations 2015 and that they fulfil the criteria of independence as stipulated in these statutes. The Independent Directors are not liable to retire by rotation.

Sri C.Rangamani and Sri S.S.Muthuvelappan are 77 years of age. Sri P.K.Chandran, who is 71 years, will attain the age of 75 years before completion of the proposed term of appointment. Since Sri C.Rangamani has vast experience in finance/accounts, insurance and in general management, and Sri S.S.Muthuvelappan and Sri P.K.Chandran, in agriculture and sugarcane farming and have developed good contacts and relationships over years with majority of farmers in the command areas of sugarcane cultivation, the Board of Directors and the Nomination and Remuneration Committee felt that their continuation would be beneficial to the Company.

The Board also formed opinion that the proposed appointees fulfil the conditions specified in the Companies Act 2013 and in the SEBI (LODR) Regulations 2015 for appointment as Independent Directors and that they are persons of integrity and possess relevant expertise and experience considering the nature of the Company. The profile of the proposed appointees is annexed to the Notice. A copy each of the draft letters for re-appointment of Sri C.Rangamani, Sri S.S. Muthuvelappan, Sri P.K. Chandran, Sri N.K. Vijayan, Sri K.V. Ramachandran, Sri S. Chandrasekhar and Sri S. Balasubhramanian as Independent Directors setting out the terms and conditions will be available for inspection by the members without any fee at the Registered Office of the Company during normal business hours on any working day until the date of the Annual General Meeting.

Re-appointment of Independent Directors for the second term of five years requires approval of the members by special resolution. Further in terms of Regulation 17(1A) of SEBI (LODR) Regulations 2015, a person who has attained the age of seventy-five years shall not be appointed or continue as a non-executive director unless his appointment or continuation is approved by special resolution. Necessary special resolutions with respect to re-appointment and continuation after the age of 75 years, as the case may be, are set out under items No.3 to 9 in the Notice of the meeting for members' approval. These special resolutions are recommended for members' approval by the Board of Directors of the Company for the reasons stated above.

Except Sri C.Rangamani, Sri S.S.Muthuvelappan, Sri P.K. Chandran, Sri N.K. Vijayan, Sri V.K.Ramachandran, Sri S.Chandrasekhar and Sri S.Balasubhramanian, being the appointees, none of the other Directors and the Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolutions.

**Item No. 10**

Pursuant to Section 148 of the Companies Act 2013, the Board of Directors of the Company has appointed M/s. STR & Associates, Cost Accountants, Tiruchirappalli, as Cost Auditors for audit of the cost records relating to Sugar, Distillery, Power and Soya Divisions of the Company for the financial year ending 31st March 2020 and fixed a remuneration of Rs.5.50 lakhs. Rule 14 of the Companies (Audit and Auditors) Rules 2014 specifies that the remuneration payable to the Cost Auditors is to be ratified by the members at the General Meeting. Accordingly, necessary resolution is set out in item No.10 of the Notice for the Members' approval. The Board of Directors has recommended the resolution for members' approval.

None of the Directors and the Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution.

Item No.11

To meet certain charitable and social obligations, it is proposed to authorise the Board of Directors to make donations up to Rs.20 lakhs (Rupees twenty lakhs only) per financial year during the financial years ending 31st March 2020 and 31st March 2021. Necessary resolution is set out in item No.11 of the Notice for members' approval. The Board of Directors has recommended the resolution for members' approval.

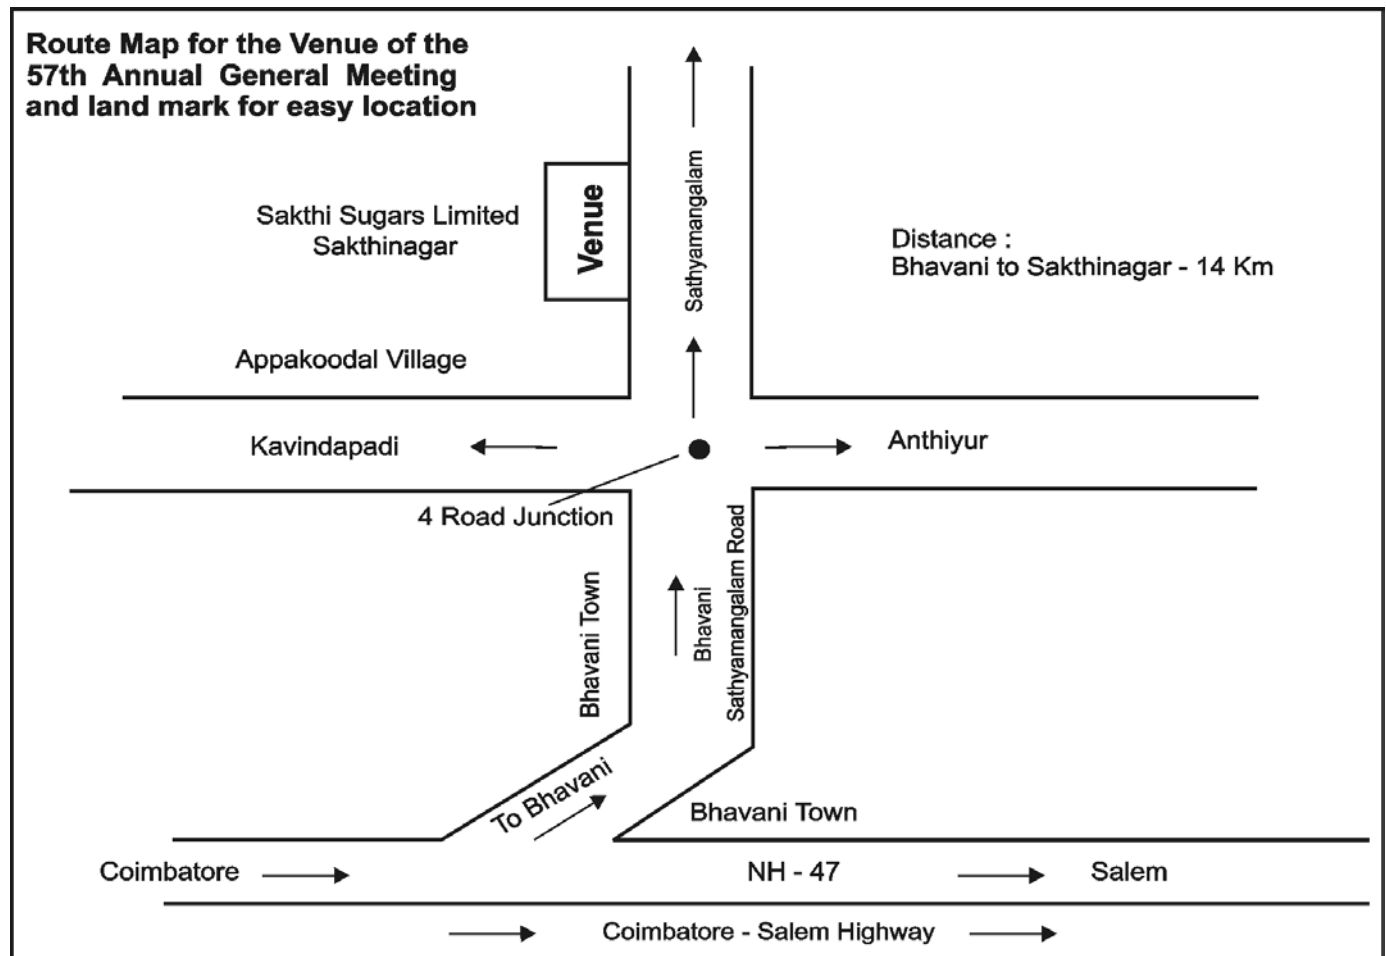

None of the Directors and the Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution.

REVIEW OF OPERATION

The rainfall during the last south-west and north-east monsoons was better than the previous years but was not enough to meet the water requirements for cultivation of sugarcane in all areas. The quantum of sugarcane crushed during the financial year was higher than the previous year. However, the increase was not sufficient to improve the level of operation to a significant level. There was improvement in the production of industrial alcohol. There has been decrease in the selling price of sugar and industrial alcohol resulting in reduction in the average realisation. Generation of power showed a slight improvement with marginal increase in the per unit price for power. The operational performance of Soya Unit is satisfactory. There is no change in the nature of business during the financial year and until the date of this report.

SUGAR DIVISION

The quantum of sugarcane crushed at various units of the Company during the year 2018-19 is as under:

Name of the Unit	Cane crushed (in MT)
Sakthinagar	4,25,205
Sivaganga	1,15,930
Dhenkanal	3,08,368

During the year under review, 0.81 lakh MT of sugar was produced by the Company as compared to 0.85 lakh MT (including 0.35 lakh MT out of raw sugar) in the previous year. The quantum of sugar sales and the sale value have come down as compared to the previous year.

DISTILLERY DIVISION

During the year under review, 81.68 lakh litres (previous year 63.23 lakh litres) of industrial alcohol was produced at Sakthinagar Distillery Unit and 70.94 lakh litres (previous year 47.31 lakh litres), at Dhenkanal Distillery Unit.

**SOYA DIVISION**

25,027 tonnes (previous year 25,004 tonnes) of soya bean was crushed in the Soya Plant during the year under review. This Division had exported products worth Rs.1549.58 lakhs (previous year Rs.1530.58 lakhs) to various countries.

CO-GENERATION DIVISION

The total power generated in the co-generation plants during the year was 659.03 lakh units (Previous year 638.41 lakh units) out of which 343.94 lakh units (Previous year 379.83 lakh units) of power was exported. The Company is selling the power through Indian Energy Exchange (IEX).

FUTURE OUTLOOK

The beginning of the current south-west monsoon has not been encouraging and availability of sugarcane for the next season will depend upon the performance of the monsoons. The improvement in the financial performance depends upon the availability of sugarcane for crushing and prevalence of economical market prices for sugar and other products.

DEPOSITS

The Company has not accepted any deposit during the financial year under review. At the end of the financial year, there was no unclaimed deposit.

CORPORATE INFORMATION

In view of issue and allotment of further shares by Sakthi Auto Component Limited (SACL) on 17th October 2018, the Company's shareholding in the share capital of SACL has come down to 19.81% from 22.67%. As such SACL has ceased to be an Associate Company within the meaning of Section 2(6) of the Companies Act 2013 with effect from the aforesaid date.

The Board has decided not to operate its Modakurichi plant during the financial year 2019-20 due to inadequate availability of sugarcane for crushing. This will not have any adverse impact as the entire cane available in the command area of Modakurichi Unit will be crushed in Sakthinagar Sugar Unit.

As informed in the last Report, the Company has made applications to Term Lenders for restructure, elongation of the repayment period, etc. While Edelweiss has restructured its loans to the Company, the request of the Company with other lenders are under consideration.

DIRECTORS

Dr.M.Manickam (DIN 00102233) retires by rotation at the ensuing Annual General Meeting and, being eligible, has offered for re-appointment.

As per Regulation 17(1A) of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015, Non-Executive Directors who have attained the age of 75 years as at 1st April 2019 should not be appointed or continue their appointment unless approved by the members of the Company by special resolution. Sri C.Rangamani and Sri S.S.Muthuvelappan are aged 77 years and their continuation till expiry of the current term of appointment, i.e. upto 29th September 2019, has been approved by members by special resolutions at the Annual General Meeting held on 28th September 2018.

The five year term of office as Independent Directors of Sri C.Rangamani, Sri S.S.Muthuvelappan, Sri P.K.Chandran, Sri N.K.Vijayan, Sri K.V.Ramachandran, Sri S.Chandrasekhar and Sri S.Balasubhramanian will expire on 29th September 2019. Notices Proposing the above Independent Directors for re-appointment have been received from certain members of the company under Section 160 of the Companies Act 2013. These Independent Directors have given their consent for reappointment for the second term of five consecutive years. They have declared that they fulfil the criteria of independence as stipulated in the Companies Act 2013 and in the SEBI (LODR) Regulations 2015 and that they are not disqualified for appointment as Directors under the said statutes. Based on the evaluation of the performance and considering the contributions made during their tenure of office as Independent Directors and taking into account their skill sets and on the recommendation of the Nomination and Remuneration Committee, the Board of Directors have recommended for approval of the members of the Company of re-appointment of Sri C. Rangamani, Sri S.S.Muthuvelappan, Sri P.K.Chandran, Sri N.K.Vijayan, Sri K.V.Ramachandran, Sri S.Chandrasekhar and Sri S.Balasubhramanian as Independent Directors for the second term of five consecutive years from 30th September 2019 to 29th September 2024 at the ensuing Annual General Meeting of the Company.

DIRECTORS RESPONSIBILITY STATEMENT

In pursuance of Section 134(5) of the Companies Act, 2013, the Directors hereby confirm that:

- (a) in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures, if any;

ANNEXURE - C TO THE BOARD'S REPORT

SALIENT FEATURES OF POLICY ON APPOINTMENT AND REMUNERATION

In order to identify, attract, retain and motivate competent persons, a clear relationship of remuneration to performance and a balance between rewarding short and long term performance of the Company, the Board of Directors of the Company, as recommended by the Nomination and Remuneration Committee (NR Committee), has adopted a policy on appointment and remuneration as enumerated in Section 178 of the Companies Act 2013. This policy provides a framework for remuneration of members of the Board of Directors, Key Managerial Personnel and other employees of the Company.

I. Criteria for selection/appointment of and Remuneration to Non-Executive Directors:

i. Criteria of selection

- a. The candidate for Non-Executive Directors shall be of high integrity with relevant expertise and experience so as to have a diverse Board with Directors having expertise in any of the fields of engineering, manufacturing, finance, accounts, taxation, agricultural operations, sales & marketing and general management.
- b. In the case of Independent Directors, the candidate, in addition to the requirements under (a) above, should satisfy the criteria of independence as stipulated in the Companies Act and the Listing Regulations.
- c. The NR Committee while recommending a candidate for appointment as a Director, shall consider and get itself satisfied about -
 - The candidate not being disqualified for appointment under Section 164 of the Companies Act, 2013.
 - Attributes/criteria regarding qualification, expertise and experience in relevant field.
 - Personal, professional or business standing
 - Requirement with respect to Board's diversity
- d. In the case of re-appointment, the performance evaluation of the Director and his level of participation will be considered.

ii. Remuneration to Non-Executive Directors

The Non-Executive Directors are entitled to receive remuneration by way of sitting fees for each meeting of the Board or Committees of Board attended by them of such sum as may be approved by the Board of Directors within the overall limits prescribed under the Companies Act 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules 2014. They are also entitled for reimbursement of expenses in connection with participation in the Board/Committee meetings/ General Meetings.

The Independent Directors of the Company are not entitled for Stock Option Scheme of the Company, if any.

II. Criteria for selection/appointment of and remuneration to Executive Directors:

i. Criteria of selection/appointment

The NR Committee shall identify persons of integrity having relevant experience, expertise and leadership quality for appointment for the position of Executive Directors, viz. Executive Chairman, Managing Director, Joint Managing Director and Executive Director. The NR Committee shall also ensure that the identified persons fulfil the conditions like age limit under the Companies Act and other applicable laws, if any.

ii. Remuneration

The Executive Directors will be paid such remuneration and perquisites as may be mutually agreed upon at the time of appointment or re-appointment between the Company and the Executive Directors, taking into consideration the profitability of the Company and the overall limits prescribed under the Companies Act 2013.

The remuneration of Executive Chairman, Managing Director and the Joint Managing Director of the Company consists of fixed remuneration and variable portion by way of commission calculated in accordance with the Companies Act 2013. The remuneration of Executive Director consists of only fixed remuneration.

The above remuneration will be subject to such approvals and conditions as laid down in applicable statute.

**III. Criteria for selection/appointment of and remuneration to Senior Management Personnel:**

Based on the criticality of the role and responsibility of the Key Managerial Personnel, the NR Committee decides on the required qualifications, experience and attributes for the position and on the remuneration based on the industry bench mark and the current compensation trend in the market. The remuneration consists of fixed components like salaries, perquisites and a variable component comprising of annual bonus, if declared. Based on the selection criteria laid as above and remuneration, the NR Committee identifies persons and recommends to the Board for consideration and appointment.

In respect of other Senior Management Personnel, the NR Committee will recommend to the Board, all remuneration, in whatever form, payable to them for its approval.

Senior management means officers/personnel of the Company who are members of its core management team, excluding Board of Directors, comprising members of management one level below the Chief Executive Officer/Managing Director, including Company Secretary and Chief Financial Officer, and the functional heads.

In respect of other employees, the Chairman and Managing Director is authorised by the NR Committee to fix the remuneration based on the criticality and responsibility of the employees.

Annual increments are given on time scale basis and further increase to deserving employees based on performance review.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. Industry Structure and Developments

Sugar Industry is the second largest agro-based industry in India next to textile. The prospects of this industry depend on availability of sugarcane which is subject to vagaries of monsoon and the policies of the Central and State Governments.

The sugar mills in Tamilnadu and south Karnataka suffered for more than four years continuously due to non-availability of sugarcane for crushing on account of drought. While the mills in northern India have recovered last year with good monsoon, high rate of crushing and high level of sugar production, the sugar mills in the South, especially in the western side of Tamilnadu, are yet to get good rain. With estimated level of production of 315 lakh tonnes of sugar, the price for sugar started tumbling down and the Central Government had to take actions like maintenance of buffer stock, giving export incentive, fixing of minimum selling price for sugar, policy announcement for production of ethanol from juice/B-heavy molasses, Minimum Indicative Export Quota, etc. to sustain reasonably economical selling price for sugar to enable the mills to pay the sugarcane price to farmers in time.

With nature's correction, there has been certain reversal from the estimated high level of sugar production in 2018-19 season and this has resulted in sales realisation being maintained a little above the minimum selling price of Rs.3,100 per quintal. It is expected that during the sugar season 2019-20, there may be further reduction in production of sugar. With ever growing sugarcane price and falling selling price for sugar, mills are facing difficulty in paying sugarcane price on time. Sugarcane price arrears for the season 2018-19 pan India has mounted to Rs.20,000 crores, which has come down to about Rs.9,000 crores with the extension of soft loans by banks over and above the existing credit facilities.

B. Opportunities and Threats

i. Opportunities

Sugarcane as a crop is a long term crop and hassle free for farmers to grow. There is assured market for the produce with definite price. These factors assure cultivation of sugar cane, subject to factors like good monsoon, etc., and availability of raw material to sugar mills.

Sugar business is cyclical in nature and is capable of self-adjusting in the long run.

In growing economy like India with population exceeding 130 million, there will be no dearth for demand for sugar.

Bye-products like molasses, power, are capable of being used in production of value-added goods.

ii. Threats

The price of sugarcane is politically sensitive and is fixed in advance. There is no chance of reducing the price when there is fall in price of the final product sugar.

Behaviour of monsoon, an uncontrollable factor, determines the prospects of sugar industry.

The State getting surplus in power makes the cogeneration operation unviable with low per unit power price.

Urbanisation, non-availability of farm labourers and fragmented land holdings have adverse impact on sugarcane cultivation, which is labour intensive.

C. Segment wise or Product wise Performance

Segment wise results are given in the Notes on Financial Statements for the financial year ended 31.3.2019. Product wise performance is furnished in the Board's Report.

D. Outlook

The beginning of south-west monsoon has not been encouraging. It is expected that the monsoon will pick up during the remaining period and availability of sugarcane would increase from next season.

E. Risks and Concerns

Availability of sugarcane for crushing, price realisation on sale of sugar and the controls imposed by the Governments are the major risks faced by the sugar industry. These factors have direct impact on the financial liquidity and profitability of the Company.

**F. Internal Control Systems and their adequacy**

The Company has an in-house internal audit team to ensure that all activities are monitored and controlled. Adequate internal checks are built-in to cover all monetary and material transactions in the system developed by the Company. The Internal Audit reports are presented to the Audit Committee on a quarterly basis for review and deliberation. The Company Management has assessed the effectiveness of the Company's internal control over financial reporting as of March 31, 2019 and found the same to be adequate and effective.

G. Financial Performance with respect to Operational Performance

The total revenue for the financial year under review is Rs.50505.93 lakhs (previous year Rs.53020.06 lakhs). The financial year has ended with net loss of Rs.21401.42 lakhs (previous year net loss Rs.17710.26 lakhs) after providing Rs.25966.57 lakhs (Rs.14994.92 lakhs) for finance cost and Rs.5158.53 lakhs (Rs.5281.69 lakhs) for depreciation and amortisation.

H. Key Financial Ratios

Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios and the reasons therefor are as under:

Description	Unit of measurement	2018-19	2017-18	Change (%)	Explanation
Interest coverage ratio	Times	0.37	- 0.18	306.37	Operations during the year resulted in cash profit as against cash loss for the last year. Hence ratio has improved.
Debt Equity Ratio	Times	19.67	3.50	462.00	Reduction in equity due to loss and increase in debt.
Return on Networth	%	- 474.14	- 68.54	- 405.60	Reduction of networth due to loss.

I. Material developments in Human Resource/Industrial Relations front, including number of people employed

The industrial relations at all plants and offices remain cordial. The total number of employees on the rolls of the Company, including temporary employees and apprentice, was 1407 as at the financial year ended 31st March 2019. Training programmes are conducted depending on the needs for updating the knowledge with respect to the developments in the industry.

INDEPENDENT AUDITOR'S REPORT

To The Members of Sakthi Sugars Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of Sakthi Sugars Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

4. We draw attention to Note 40 of the Financial Statements. The company has incurred net loss of Rs. 26676.22 lakhs during the year ended March 31, 2019 and as of that date, the Company's accumulated losses aggregate to Rs. 37508.86 lakhs. Further, as of that date, company's current liabilities exceeded its current assets by Rs. 102416.02 lakhs. These factors along with other matters as set forth in said note raise substantial doubt about the company's ability to continue as a going concern in the foreseeable future. However, the company's financial statement has been prepared on going concern basis as disclosed by management in said note. Our opinion is not modified in respect of this matter..

Emphasis of Matter

5. Certain banks have classified its advance to company as Non-Performing Assets and are not charging/applying interest accrued. In order to account for all probable liabilities, the management in its best judgement has provided interest including penal interest, as per the terms of original sanction, on such borrowings. The management is of the opinion that the difference in interest, if any, shall be accounted for as and when the interest is charged or adjusted by the banks. Our opinion is not modified in respect of this matter.

Key Audit Matters

6. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No.	Key Audit Matter	How the matter was addressed in the audit
6.1	<p>Determination of net realizable value of inventory of sugar as at the year ended March 31, 2019</p> <p>(Refer to the accompanying note 1.4 and 7 forming integral part of the Financial Statements)</p> <p>As on March 31, 2019, the Company has inventory of sugar with the carrying value Rs. 4396.61 lakhs. The inventory of sugar is valued at the lower of cost and net realizable value.</p> <p>We considered the value of the inventory of sugar as a key audit matter given the relative size of the balance in the financial statements and significant judgement involved in the consideration of factors such as minimum sale price, monthly quota, fluctuation in selling prices and the related notifications of the Government in determination of net realizable value.</p>	<p>Our audit procedures included the following:</p> <p>(a) We understood and tested the design and operating effectiveness of controls as established by the management in determination of net realizable value of inventory of sugar.</p> <p>(b) We considered various factors including the actual selling price prevailing around and subsequent to the date of Balance Sheet, minimum selling price & monthly quota and other notifications of the Government.</p> <p>(c) Based on the above procedures performed, the management's determination of the cost and net realizable value of the inventory of sugar as at the end of the year is considered to be reasonable</p>

S.No.	Key Audit Matter	How the matter was addressed in the audit
6.2	<p>Assessment of litigations and related disclosure of contingent liabilities</p> <p>(Refer to the accompanying note 1.3 and 39(A) forming integral part of the Financial Statements)</p> <p>As at March 31, 2019, the Company has exposures towards litigations relating to various matters.</p> <p>Significant management judgement is required to assess such matters to determine the probability of occurrence of material outflow of economic resources and whether a provision should be recognised, or a disclosure should be made. The management judgement is also supported with legal advice in certain cases as considered appropriate.</p> <p>As the ultimate outcome of the matters are uncertain and the positions taken by the management are based on the application of their best judgement, related legal advice including those relating to interpretation of laws/regulations, it is considered to be a Key Audit Matter.</p>	<p>Our audit procedures included the following:</p> <p>(a) We understood, assessed and tested the design and operating effectiveness of key controls surrounding assessment of litigations relating to the relevant laws and regulations;</p> <p>(b) We discussed with management the recent developments and the status of the material litigations which were reviewed and noted by the audit committee;</p> <p>(c) We performed our assessment on a test basis on the underlying calculations supporting the contingent liabilities/other significant litigations made in the Financial Statements;</p> <p>(d) We evaluated management's assessments by understanding precedents set in similar cases and assessed the reliability of the management's past estimates/judgements; and</p> <p>(e) We assessed the adequacy of the Company's disclosures.</p> <p>Based on the above work performed, management's assessment in respect of litigations and related disclosures relating to contingent liabilities/other significant litigations in the Financial Statements are considered to be reasonable.</p>

Other Information

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report but does not include the financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.
- Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

- The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

- Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in

the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

15. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- (a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - (b) Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - (d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - (e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
16. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
17. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
18. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

19. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable..
- 20. As required by Section 143(3) of the Act, we report that:**
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 39(A) to the financial statements;
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure - B to the Independent Auditor's Report

Referred to in paragraph 20(f) of the Independent Auditor's Report of even date to the members of Sakthi Sugars Limited on the financial statements for the year ended March 31, 2019

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of Sakthi Sugars Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:
- (a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
 - (c) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS

Note No. 1

SIGNIFICANT ACCOUNTING POLICIES

Corporate Information:

Sakthi Sugars Limited is engaged in the business of manufacture of sugar, industrial alcohol, power and soya products. The Company's segments include sugar, industrial alcohol, soya products and power. The by-products/waste products include molasses, bagasse and press mud.

The installed capacity of sugar division is 19000 tons of cane crush per day (TCD). Its power division has co-generation power plants at Sakthinagar, Sivaganga and Modakurichi, and the aggregate power generation capacity of all three plants is 92 MW.

Its distillery produces rectified spirit, extra neutral alcohol and ethanol, and has a distillation capacity of 150 kiloliters per day (KLPD) and ethanol plant capacity of over 50 KLPD.

The Company has the capacity to process 90,000 tons soya beans per annum.

The company shares are listed in BSE Ltd and National Stock Exchange of India Ltd.

Significant Accounting Policies:

1.1 Basis of Preparation and Presentation:

These financial statements are the separate financial statements of the Company (also called standalone financial statements) prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

1.2 Current/Non-Current Classification:

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

(a) An asset is treated as current when it is:

- (i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) Expected to be realised within twelve months after the reporting period, or
- (iii) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- (iv) Held primarily for the purpose of trading

All other assets are classified as non-current.

(b) A liability is current when:

- (i) It is expected to be settled in normal operating cycle
- (ii) It is due to be settled within twelve months after the reporting period, or
- (iii) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.
- (iv) Held primarily for the purpose of trading

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

1.3 Use of Estimates and Judgements

The preparation of the financial statements in conformity with Ind AS requires the Management to make judgements, estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of the financial statements and the reported income and expenses like provision for employee benefits, provision for doubtful trade receivables/advances/contingencies, provision for warranties, allowance for slow/non-moving inventories, useful life of Property, Plant and Equipment, provision for taxation, etc., during the reporting year. The Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Future results may vary from these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

1.4 Inventory:

Inventories of raw materials, work-in-progress, stores, finished products and stock-in-trade are valued at the lower of cost or net realizable value.

Cost is ascertained on seasonal weighted average for sugar and yearly average for stores and soya products.

Soya Bean, Stock-in-trade of fertilizer and newsprint cost ascertained on FIFO basis.

By-products are valued at Net realizable value. Standing crops are valued at net realizable value.

1.5 Property, Plant and Equipment:

Measurement at recognition: Property, Plant and Equipment assets are carried at cost net of tax / duty credit availed less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Historical cost includes taxes, duties, freight, insurance etc., attributable to acquisition and installation of assets and borrowing cost incurred up to the date of commencing operations but excludes duties and taxes that are recoverable from taxing authorities. Indirect expenses during construction period, which are required to bring the asset in the condition for its intended use by the management and are directly attributable to bringing the asset to its position, are also capitalized.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Assets which are not ready for their intended use and Capital work-in-progress are carried at cost comprising direct cost, related incidental expenses and attributable interest.

Depreciation: Depreciation on Property, Plant and Equipments provided on the straight-line method over the useful life in the manner prescribed in the Schedule II of the Companies Act 2013.

Depreciation on addition to assets or on sale/discernment of assets, is calculated on pro-rata from the month of such addition or up to the month of such sale/discarding, as the case may be.

De-recognition: An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset.

Gains and losses on disposals or retirement of assets are determined by comparing proceeds with carrying amount. These are recognized in the Statement of Profit and Loss.

1.6 Intangible assets

Measurement at recognition: Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Internally generated intangibles including research cost are not capitalized and the related expenditure is recognized in the Statement of Profit and Loss in the period in which the expenditure is incurred. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.

Amortization: Intangible Assets with finite lives are amortized on a Straight-Line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

De-recognition: The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the De-recognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized

1.7 Impairment of Assets

The carrying values of assets/cash generating units are reviewed at each Balance Sheet date to determine whether there is any indication of impairment of the carrying amount of the Company's assets. If any indication exists, an asset's recoverable

amount is estimated. An impairment loss is recognised whenever the carrying amount of the asset exceeds the recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognised in the Statement of Profit and Loss.

1.8 Revenue Recognition

The Company adopted Ind AS 115 Revenue from Contracts with Customers, using the modified retrospective method of adoption with the date of initial application of April 01, 2018.

The Company elected to apply this standard to all the contracts as at April 01, 2018. The effect of adoption of Ind AS 115 on the Financial Statements is not material.

a) Sale of goods

Revenue is recognised when the performance obligations are satisfied and the control of the product is transferred, being when the goods are delivered as per the relevant terms of the contract at which point in time the Company has a right to payment for the asset, customer has legal title of the asset, customer bears significant risk and rewards of ownership and the customer has accepted the asset or the Company has objective evidence that all criteria for acceptance have been satisfied. Payment for the sale is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component.

Revenue is measured based on the transaction price, which is the consideration, net of customer incentives, discounts, variable considerations, payments made to customers, other similar charges, as specified in the contract with the customer. Additionally, revenue excludes taxes collected from customers, which are subsequently remitted to governmental authorities

b) Dividend and interest income:

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

c) Insurance claims:

Insurance claims are accounted for on the basis of claims admitted/ expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

d) Export benefits:

Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

e) Rental income:

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in revenue in the Statement of Profit and Loss due to its operating nature.

All other income and expenses are accounted for on accrual basis.

1.9 Foreign Currency Transactions:

On initial recognition, transactions in foreign currencies entered into by the Company are recorded in the functional currency (i.e. Indian Rupees), by applying to the foreign currency amount, the spot exchange rate between the functional currency and the foreign currency at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

Foreign currency monetary items of the Company are translated at the closing exchange rates. Non-monetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency, are translated using the exchange rates at the date when the fair value is measured.

Exchange differences arising out of these translations are recognized in the Statement of Profit and Loss.

**1.10 Employee Benefits:****a) Short term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short-term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

b) Post-employment benefits:**i) Defined contribution plans:**

Defined contribution plans are Employee Provident Fund, Employee State Insurance scheme for all applicable employees and superannuation scheme for eligible employees.

Recognition and measurement of defined contribution plans:

The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period. If the contribution payable for services received from employees before the reporting date exceeds the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

ii) Defined Benefit plans

Gratuity: Liabilities with regard to the gratuity benefits payable in future are determined by actuarial valuation at each Balance Sheet date. Actuarial gains and losses arising from changes in actuarial assumptions are recognized in other comprehensive income and shall not be reclassified to the Statement of Profit and Loss in a subsequent period.

Leave encashment / Compensated absences: The Company provides for the encashment of leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment/availment. The liability is provided based on the number of days of unutilized leave at each Balance Sheet date on the basis of an independent actuarial valuation. Actuarial gains and losses arising from changes in actuarial assumptions are recognised in the other comprehensive income.

1.11 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ('CODM') of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

1.12 Non-Current Assets held for sale

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortized.

Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

1.13 Investment in Erstwhile Associate Company

The Company has elected to recognize its investments in erstwhile associate company at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'. Provision for diminution, if any, in the value of investments is made to recognise a decline in value, other than temporary.

1.14 Government Grants

Government grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the company recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the company should purchase, construct or otherwise acquire non-current assets are recognised as deferred

revenue in the balance sheet and transferred to Statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognised in Statement of Profit and Loss in the period in which they become receivable.

1.15 Income Taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current Tax:

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate based on amounts expected to be paid to the tax authorities.

Deferred Tax:

Deferred income tax is provided in full, using the Balance Sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised, or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

Presentation of Current and Deferred Tax:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

Minimum Alternative Tax (MAT) credit, which is equal to the excess of MAT (calculated in accordance with provisions of Section 115JB of the Income tax Act, 1961) over normal income-tax is recognized as an item in deferred tax asset by crediting the Statement of Profit and Loss only when and to the extent there is convincing evidence that the Company will be able to avail the said credit against normal tax payable during the period of fifteen succeeding assessment years.

1.16 Earnings per share

Basic earnings per share is computed by dividing net income by the weighted average number of common shares outstanding. Diluted earnings per share is computed by dividing income available to shareholders and assumed conversion by the weighted average number of common shares and potential common shares from outstanding stock options.

1.17 Provisions and Contingencies

The company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or present obligation that is not recognized because it is probable that an outflow of resources will not be required to settle the obligation. However, if the possibility of outflow of resources, arising out of present obligation, is remote, it is not even disclosed as contingent liability.

A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the notes to financial statements. A Contingent asset is not recognized in financial statements, however, the same is disclosed where an inflow of economic benefit is probable.

1.18 Leases

a) Company as Lessee

The Company's significant leasing arrangements are in respect of operating leases for premises that are cancellable in nature. The lease rentals under such agreements are recognised in the Statement of Profit and Loss as per the terms of the lease.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease or based on the time pattern of user benefit basis. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

b) Company as Lessor

The Company's significant leasing arrangements are in respect of operating leases for premises that are cancellable in nature. The lease rentals under such agreements are recognised in the Statement of Profit and Loss as per the terms of the lease. Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

1.19 Borrowing Costs

Borrowing cost includes interest, amortisation of ancillary cost incurred in connection with the arrangement of borrowings and the exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

1.20 Financial Instrument

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through Profit and Loss are recognised immediately in Statement of Profit and Loss.

**a) Fair Value Measurement**

The Company measures financial instruments, such as, investments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability, or
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i) Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- ii) Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- iii) Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

b) Financial Assets**i) Initial recognition and measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

ii) Subsequent measurement

For purposes of subsequent measurement: Debt instruments are measured at amortised cost.

iii) De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised primarily when:

- (a) The rights to receive cash flows from the asset have expired, or
- (b) The Company has transferred substantially all the risks and rewards of the asset.

iv) Impairment of Financial Assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets and credit risk exposure that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original Effective Interest Rate (EIR). When estimating the cash flows, an entity is required to consider:

- (a) All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument..
- (b) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss (P&L). This amount is reflected under the head 'other expenses' in the Statement of Profit and Losses. The Balance Sheet presentation for various financial instruments is that in the case of Financial assets measured as at amortised cost, ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the Balance Sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the group does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

c) Financial Liabilities

i) Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables.

ii) Subsequent measurement

Financial liabilities designated upon initial recognition at Fair Value Through Profit or Loss (FVTPL) are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risks are recognized in Other Comprehensive Income (OCI). These gains/ losses are not subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Statement of Profit and Loss.

iii) De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

1.21 Exceptional Items

An item of income or expense which by its size, type or incidence requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and disclosed as such in the financial statements.

1.22 Events after Reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

1.23 Cash and Cash Equivalents

Cash and cash equivalents in the Balance Sheet comprise of cash on hand, demand deposits with Banks, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**1.24 Cash flow Statement**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.25 Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakh with two decimals, as per the requirement of Schedule III, unless otherwise stated.

1.26 Recent accounting pronouncements

Standards issued but not yet effective

In March 2019, the Ministry of Corporate Affairs (MCA) issued the Companies (Indian Accounting Standards) Amendment Rules, 2019 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2019, notifying new standards and amendments to certain issued standards. These amendments are applicable to the Company from April 01, 2019. The Company will be adopting the below stated new standards and applicable amendments from their respective effective date.

a) Ind AS 116, Leases

Ind AS 116 supersedes Ind AS 17, Leases. Under Ind AS 116, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right of use asset) at the commencement date of lease. Lessees will be required to separately recognise interest expense on the lease liability and depreciation expense on the right of use asset. Lessor accounting under Ind AS 116 remains substantially unchanged from accounting under Ind AS 17. Ind AS 116 is effective for annual periods beginning on or after April 01, 2019. The Company is in the process of assessing the impact of adoption of Ind AS 116.

b) Appendix C, Uncertainty over Income Tax Treatment to Ind AS 12, Income Taxes

The Appendix clarifies how to apply the recognition and measurement principles while recognizing current tax, deferred tax, taxable profits (losses), tax bases, unused tax losses, unused tax credits and tax rates when there is uncertainty over tax treatments under Ind AS 12. As per the Appendix, the Company needs to assess whether it is probable that a tax authority will accept an uncertain tax treatment used or a treatment which is being proposed to be used in its income tax filings. The Appendix will be applied retrospectively with the cumulative effect of its initial application on the opening balance sheet as on April 01, 2019.

The impact of the Appendix on the Financial Statements, as assessed by the Company, is expected to be not material.

c) Other Amendments (effective from April 01, 2019)

- Amendments to Ind AS 19, Employee Benefits
- Amendments to Ind AS 23, Borrowing Costs
- Amendments to Ind AS 109, Financial Instruments

Effective date for application of these amendments is annual period beginning on or after April 01, 2019. Based on preliminary work done, the Company does not expect any significant impact in its Financial Statements.

40 GOING CONCERN ASSUMPTIONS

The financial statement of the Company has been prepared on going concern basis as in the opinion of the Directors, there is a reasonable expectation that the Company will continue its operations for the foreseeable future. The Directors have examined the following points in order to ascertain the validity of going concern assumption:

- The Company has incurred a loss of Rs. 26,676.22 lakhs during the year ended 31st March 2019 and as of that date the Company's accumulated losses amount to Rs. 37,508.86 lakhs. Further as of that date, Company's current liabilities exceeded its current assets by Rs. 102,416.02 lakhs. Significant financial ratios are also negative.
- The Company has defaulted in repayment of dues to financial institutions, banks and Asset Reconstruction Companies for principal amount of Rs.49,282.48 lakhs and interest amounting of Rs.47,183.30 lakhs since May 2011. The Company has received recall notice from one of the Asset Reconstruction Company for non-payment of principal and interest thereon after the due date by the Company.

The company has taken steps for restructuring its liabilities with banks and other lenders/creditors which will result in significant reduction of the liabilities and revive its ability to continue as a going concern. Further, the company is in the process of selling of investments and certain non-core assets. The management is hopeful of finalizing a restructuring package and sale of those assets soon.

Conditions explained above indicate existence of material uncertainty that may cast significant doubt of the Company's ability to continue as going concern due to which the Company may not be able to realize its assets and discharge its liabilities in the normal course of business. However, considering management plans relating to restructuring of debt, expected improvement in operating activities and proposed sale of investments and non-core assets, the financial statement has been prepared on going concern basis.

46 EMPLOYEE BENEFITS

A. Defined contribution plans

The Company makes Provident Fund, Superannuation Fund and Employee State Insurance Scheme contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognised Rs.358.57 lakhs (Rs.307.52 lakhs) for Provident Fund contributions, Rs.44.28 lakhs (Rs.46.85 lakhs) for Superannuation Fund contributions and Rs.11.61 lakhs (Rs.12.73 lakhs) for Employee State Insurance Scheme contributions in the Statement of Profit and Loss for the year ended 31st March 2019. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

B. Defined benefit plans : Gratuity

In respect of Gratuity plan, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at March 31, 2019 by Mr. Srinivasan Nagasubramanian, Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit cost method. The following table sets forth the status of the Gratuity Plan of the Company and the amount recognised in the Balance Sheet and Statement of Profit and Loss. The Company provides the gratuity benefit through annual contributions to a fund managed by the Life Insurance Corporation of India (LIC).

The Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest rate risk : The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Investment risk : The probability or likelihood of occurrence of losses relating to the expected return on any particular investment.

Salary escalation risk : The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic risk : The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

NOTES TO FINANCIAL STATEMENTS

(Rs. in lakhs)

Particulars	31.03.2019	31.03.2018
Assumptions:		
Discount rate	7.61%	8.00%
Expected rate of salary increases	4.00%	5.00%
Expected rate of attrition	5.00%	3.00%
Average age of members	46.69	46.24
Average remaining working life	11.31	11.76
Mortality (IALM (2006-2008) Ultimate)	100%	100%

The Company has invested the plan assets with the insurer managed funds. The insurance company has invested the plan assets in Government Securities, Debt Funds, Equity shares, Mutual Funds, Money Market Instruments and Time Deposits. The expected rate of return on plan asset is based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligation.

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

(Rs. in lakhs)

Particulars	31.03.2019	31.03.2018
Discount rate		
+ 100 Basic Points	1969.18	2039.81
- 100 Basic Points	2193.22	2236.20
Salary growth rate		
+ 100 Basic Points	2195.21	2237.27
- 100 Basic Points	1965.79	2037.20
Attrition rate		
+ 100 Basic Points	2093.65	2144.91
- 100 Basic Points	2056.28	2119.88
Mortality rate		
+ 10% up	2076.77	2133.51

Sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods of assumptions used in preparing the sensitivity analysis from prior years.

The Company has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in increase in liability without corresponding increase in the asset).

Expected contributions to the plan for the next annual periods is given below:

(Rs. in lakhs)

Year - V - 31.03.2024	151.82	206.28

C. Note on Provident Fund:

With respect to employees, who are covered under Provident Fund Trust administered by the Company, the Company shall make good deficiency, if any in the interest rate declared by Trust over statutory limit. Having regards to the assets of the Fund and the return on the investments, the Company does not expect any deficiency in the foreseeable future.

D. Long Term Compensated Absence

The assumption used for computing the long term accumulated compensated absences on actuarial basis are as follows.

**48.4 Fair Value Measurements**

The following table provides the fair value measurement hierarchy of the Company's Financial Assets and Liabilities:

48.4.1 Quoted prices in an active market (Level 1):

This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of investment in quoted equity shares and mutual fund investments.

48.4.2 Valuation techniques with observable inputs (Level 2):

This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices). This level of hierarchy includes Company's over-the-counter (OTC) derivative contracts.

48.4.3 Valuation techniques with significant unobservable inputs (Level 3):

Valuation techniques with significant unobservable inputs (Level 3): This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

Investment in unquoted equity instruments	681.95	--	--	681.95

48.4.6 Financial Instrument measured at Amortised Cost:

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

48.5 Financial Risk Management Objectives

The Company's Corporate finance department provides services to business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse the exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimize the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the Board of Directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the Management and the internal auditors on a continuous basis. The Company does not enter into or trade financial instruments, including derivatives for speculative purposes.

The Corporate Treasury function reports quarterly to the Company's risk management committee, an independent body that monitors risks and policies implemented to mitigate risk exposures.

**48.5.1 Market Risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk includes borrowings, investments, trade payables, trade receivables, loans and derivative financial instruments.

48.5.2 Foreign Currency Exchange Rate Risk

The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

48.5.3 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

48.5.4 Credit Risk Management

The Company does not have significant credit risk exposure to any single counterparty. Concentration of credit risk related to the Company did not exceed 10% of gross monetary assets at any time during the year. Concentration of credit risk to any other counterparty did not exceed 10% of gross monetary assets at any time during the year.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

48.5.5 Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk through borrowings.

The Company's corporate treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management.

The liquidity position of the Company is given below:

48.5.6 Foreign Currency Sensitivity Analysis

The Company is mainly exposed to the currency USD on account of outstanding trade receivables, trade payables and FCCB in USD.

The following table details the Company's sensitivity to a 5% increase and decrease in INR against the USD. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A positive number below indicates an increase in profit or equity where the INR strengthens 5% against the relevant currency. For a 5% weakening of the INR against the relevant currency, there would be a comparable impact on the profit or equity, and the balances below would be negative.

Particulars	Year Ended 31.03.2019	Year Ended 31.03.2018
Impact on Profit or (Loss) for the year	225.59	207.53

48.5.7 Interest Rate Risk

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs. The Company is subject to variable interest rates on some of its interest bearing liabilities. The Company's interest rate exposure is mainly related to debt obligations.

48.5.8 Interest Rate Sensitivity Analysis

If interest rates had been 1% higher and all other variables were held constant, the Company's profit for the year ended would have impacted in the following manner:

Particulars	Year Ended 31.03.2019	Year Ended 31.03.2018
Impact on Profit or (Loss) for the year	60.04	69.14

50 SEGMENT REPORTING

Basis of Segmentation:

Factors used to identify the reportable segments:

The Company has following business segments, which are its reportable segments. These segments offer different products and services, and are managed separately because they require different technology and production processes. Operating segment disclosures are consistent with the information provided to and reviewed by the chief operating decision maker.

Reportable Segment	Products/Service
Sugar	Manufacturing and trading of sugar and its by-products
Industrial alcohol	Manufacturing and trading of Industrial Alcohol and its by-products
Soya products	Manufacturing and trading of Soya and its by-products
Power	Generation and trading of Power

Revenue and expenses directly attributable to segments are reported under each reportable segment. Other expenses and income which are not attributable or allocable to segments have been disclosed as net un-allocable expenses/income.

Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as un-allocable.

Inter segment Transfer Pricing:

Inter Segment prices are normally negotiated amongst the segments with reference to cost, market prices and business risks, within an overall optimisation objective for the enterprise.
