Shareholder's attention is brought to Regulation 23 of SEBI (LODR) Regulations, 2015 which requires Shareholder's approval by way of Ordinary Resolution in case where total value of Related Party Transactions exceeds 10% of audited turnover of immediately preceding year.

This approval is required for all types of Related Party transactions whether they are in arms length or not whether they are done in the ordinary course of business or not.

For the current financial year 2018-19, total Related Party transactions value comes to Rs. 202.50 Cr whereas 10% of previous year audited turnover comes to Rs. 107.21 Cr. Shareholders approval in the previous AGM held on 26.12.2018 for estimated related party transactions is for Rs.200.00 Crores. This means total value of Related Party transactions is excess by Rs. 2.50 Cr when compared to previous AGM approval for which your approval by way of ratification is sought by the Resolution.

Further, it may kindly be noted that all the Related Party transactions are at arms length basis and done in the ordinary course of business and hence it does not require shareholders approval pursuant to provisions of Section 188 of the Companies Act, 2013, read with the Companies (Meetings of Board and its Powers) Rules, 2014. Even though all the transactions are having prior approval of the Audit Committee and Board, the Resolution is placed before the Shareholder's to comply with Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further it may kindly be noted that all Related Party transactions are subject to Transfer Price Audit.

Further, it may kindly be noted that around 95% of total Related Party Transactions value is between two (2) Listed Companies (i.e. between TGV SRAACL and SRHHL). Business transactions between them and other Related Parties are mutually beneficial. All Related Party transactions are mostly in the nature of day to day business transactions which are beneficial to the Company.

Basing on the estimation total value of Related Party Transactions for the financial year 2019-20 will be around Rs.249.31 Cr. In view of this Shareholder's prior approval is required for the future Related Party transactions (in excess of 10% of turnover), since it may exceed 10% of turnover of 2018-19 (audited).

The particulars of the contract / arrangement with related parties are as under:

(₹ in Crores)

**ANNEXURE "E" TO THE DIRECTORS' REPORT****MANAGEMENT DISCUSSION AND ANALYSIS :****Economy**

For the year 2018-19 India has achieved GDP of 2.72 trillion dollar there by assuming 7th position in the World. To propel and guide Indian economy to 5 trillion dollars the Govt. is continuing its reforms. Of late good monsoon rains throughout India and Govt. decision to give push to agriculture sector by providing various measures including zero based natural farming in the Budget one can hope for better economic growth in future. It is expected that our country will achieve better GDP growth for 2019-20.

Segment-wise performance

The Company is having three Business segments namely:-

- (1) Chemicals
- (2) Oils and Fats
- (3) Power

Segment-wise analysis of structure, opportunity, threats and outlook are discussed hereunder.

The Company has two performing segments namely Chemicals and Oils and Fats. The third, Power Segment has become non performing, owing to high prices of Furnace Oil, the feed stock and ultimate non renewal of Power Purchase Agreement by sole buyer of power, the State Electricity Agency.

The major products of Chemical Segment are Caustic Soda Lye/ Flakes, Chlorine, Hydrochloric Acid, Potassium Hydroxide Lye/ Flakes and chloromethanes, apart from allied products. Being industrial inputs, the products of this Segment finds application in almost all process industries namely, Aluminium, paper, rayon, pharma, water treatment, pigments etc.,

Oils and Fats segment products consists Hydrogenated Castor Oil, 12-Hydroxy Stearic Acid, Stearic Acid and Soap Noodles.

Outlook

With signs of satisfactory rainfall being received in the country, the sentiment of market is encouraging and conducive for growth in all industrial sectors. This will help the demand for chlor-alkali products, the main Segment of the Company, is expected for a reasonable growth, Company has plans for modernization further the Caustic Soda manufacturing facilities in order to reap the benefits of technology improvements with reduced power consumption. Company has also plans for expanding the capacities of Chloromethanes division considering the increasing production of Chlorine and acceptance of its Chloromethanes products by market.

Risks and concerns

Electricity, the main cost contributory for Chlor-alkali industry is always a concern. The reforms in Electricity Sector made by the Government is assuring satisfactory availability as against the shortfall witnessed, till recent times. Still, the cost of power is a worrying factor. The company is also making studies to start solar power projects either on its own or under joint venture mode to address long term needs of power with pollution free options to contain power cost in the long run.

Financial Performance

Out of the total Revenue (Gross Turnover) for FY 2018-19 of Rs.139678 lakhs, Chemicals Division share is Rs.128309 lakhs i.e.91.86 % and balance Rs.11369 lakhs revenue of 8.14 % is from Oils & Fats Division.

During the FY 2018-19, the Company has produced 190797 M.Ts of Caustic Soda compared to previous year 171658 M.Ts. The modernization carried by the Company helped to have this higher production.

TGV SRAAC LIMITED

(formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited)

During the year FY 2018-19, the Caustic Soda market is favourable trend continuing from previous year. In view of this caustic soda division production has been increased to better utilise capabilities.

The Company has produced 19316 M.Ts of Caustic Potash during FY 2018-19 compare to 13573 M.Ts of previous year. Company has flexibility in having product mix between Caustic Soda and Caustic Potash to meet its marketing needs.

Chloromethanes Unit also did well during the year. Company produced 39620 M.Ts against previous year quantity of 38603 M.Ts. This establishes quantity of the products and its acceptance among the customers.

With regard to Castor Oils derivatives and Fatty Acids products (Soap Noodles / Stearic Acid) subdued performance to state that the prices of inputs and finished products prices are highly volatile and Company desired to play safe and cautious in its production planning.

Company is pursuing various options before it in respect of Power Project at Bellary.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
TGV SRAAC LIMITED
(formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited)

Report on the Audit of Financial Statements

Opinion

We have audited the financial statements of TGV SRAAC Ltd(formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited)("theCompany"), which comprise the balance sheet as at 31st March, 2019, the statement of profit and loss(including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters	How the matter was addressed in our audit
<p>Revenue recognition</p> <p>The new accounting standard Ind AS 115 "Revenue from Contracts with the Customers" has been adopted by the Company from 1st April, 2018.</p> <p>Revenue from sale of goods is recognized when control of the products being sold is transferred to a customer and when there are no longer any unfulfilled obligations.</p> <p>The recognition of revenue involves significant judgement and estimates made by the management including identification of distinct performance obligations, determination of transaction price, basis for measurement of revenue over a period.</p> <p>There is risk of revenue being overstated and also short or excess provisioning of discounts and rebates.</p>	<ul style="list-style-type: none">• We reviewed the Company's implementation of Ind AS 115, including recognition of the effect on opening equity and changes to procedures, accounting guidelines, disclosures and systems to support correct revenue recognition. We reviewed and discussed the accounting policy including the key accounting estimates and judgements made by management.• We tested the relevant internal controls used to ensure the completeness, accuracy and timing of revenue recognised.• We read a sample of contracts to assess whether the method for recognition of revenue was relevant and consistent with Ind AS 115, and had been applied consistently. We focused on contract classification, allocation of income and cost to the individual performance obligations and timing of transfer of control.

Key audit matters	How the matter was addressed in our audit
<p>Past experience is used to estimate the provision for discounts and rebates.</p> <p>Revenue is only recognised to the extent that it is highly probable as significant reversal will not occur.</p> <p>Refer note 37 and note 2(Q) of the financial statements.</p>	<ul style="list-style-type: none">• We evaluated the significant judgements and estimates made by management in applying accounting policy to sample of contracts and we obtained evidence to support them, including contractual agreements, delivery records. We also considered the historical out turns of estimates used in prior periods.• We applied Computer Assisted Audit Techniques to establish, whether any revenue has been recognised where no corresponding accounts receivable or cash has been recorded in the general ledger.
<p>Provisions for contingent liabilities</p> <p>The Company faces a number of legal and regulatory proceedings. The determination of the provision and/or the level of disclosure required involves a high degree of judgement resulting in provisions and contingent liabilities being considered as a key audit matter.</p> <p>Refer note 27 of the financial statements.</p>	<ul style="list-style-type: none">• We evaluated the design of, and tested, key controls in respect of litigation and regulatory procedures, which we found to be satisfactory for the purposes of our audit. <p>Our procedures included the following:</p> <ul style="list-style-type: none">• We read the summary of litigation matters provided by the Company's legal team and discussed each of the material cases noted in the report to determine the Company's assessment of the likelihood and magnitude of any liability that may arise.• We read, where applicable, external legal or regulatory advice sought by the Company and reviewed related correspondence.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the financial statements

The Company's Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate application of appropriate accounting policies; making judgments and estimates that are reasonable

and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Director is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters

TGV SRAAC LIMITED
(formerly known as Sree Royalaseema Alkalies and Allied Chemicals Limited)

in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, based on our audit we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this report are in agreement with the books of account;
 - d) in our opinion, the aforesaid financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act;
 - e) on the basis of the written representations received from the directors of the Company as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act;
 - f) with respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements;
 - g) with respect to the other matters to be included in the Auditor's report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.
 - h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note 27 to the Ind AS financial statements;
 - ii. the Company did not have any long-term contracts including derivative contracts; as such there were no material foreseeable losses thereon;
 - iii. there are no amounts which are required to be transferred to the Investor Education and Protection Fund; therefore, delay in transferring such sums does not arise.

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Statement on the Companies (Auditor's Report) Order 2016

On the basis of such checks as we considered appropriate and according to the information and explanations given to us during the course of our audit, we report that:

- i) in respect of the Company's fixed assets:
 - a) the Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets;
 - b) the Company has a program of verification to cover all the items of fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification;
 - c) according to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of all immovable properties are held in the name of the Company *except the title to the property of 12.17 acres of land situated in Bellary amounting to Rs. 15.29 Lakhs acquired by the Company from Karnataka Industrial Area Development Board (KIADB) is in the process of being transferred in the Company's name.*
- ii) in respect of Company's inventory:

the physical verification of inventory has been conducted at reasonable intervals by the management during the year and no material discrepancies were noticed on physical verification and the small discrepancies, if any, have been properly dealt with in the books of account;
- iii) according to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the Register maintained under Section 189 of the Act;
- iv) in our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable;
- v) the Company has not accepted deposits from public during the year and does not have any unclaimed deposits as at March 31, 2019 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company;
- vi) the maintenance of cost records has been specified by the Central Government under Section 148(1) of the Act. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as prescribed by the Central Government under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained.

We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete;
- vii) according to the information and explanations given to us, in respect of statutory dues:
 - a. the Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income-tax, Goods and Service Tax (GST), Customs Duty, Cess and other material statutory as applicable, with the appropriate authorities;

**ANNEXURE “B” TO THE INDEPENDENT AUDITORS’ REPORT**

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Statements under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial statements of TGV SRAAC Ltd(formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited) (“theCompany”) as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls Over Financial Statements

A company’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that

TGV SRAAC LIMITED

(formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited)

transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2019, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Notes to financial statements for the year ended 31st March, 2019****Note 1: General Information**

TGV SRAAC LIMITED (formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited) incorporated on 24th June, 1981 is the flagship company of the TGV Group. It is the leading producer of Chlor-Alkali products, Chloromethane and also manufactures Castor Derivatives and Fatty Acids.

The Company is a public limited company domiciled in India. The equity shares of the Company are listed on Bombay Stock Exchange (BSE).

The financial statements are approved for issue by the Company's Board of Director's on 15th May, 2019.

Note 2: Significant Accounting Policies**A. Statement of Compliance**

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as notified under the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules, 2016, Companies (Indian Accounting Standards) Amendment Rules, 2017, Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, 2019.

B. Basis of preparation and presentation of financial statements

The financial statements have been prepared in accordance with the Indian Generally Accepted Accounting Principles on accrual basis of accounting and the historical cost convention basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

C. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

D. Use of estimates and judgements

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

TGV SRAAC LIMITED

(formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited)

Notes to financial statements for the year ended 31st March, 2018

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates.

Any revision to accounting estimates is recognised prospectively in current and future periods. The critical accounting judgements and key estimates followed by the Company for preparation of financial statements is described in Note 2(W).

E. Property, Plant and Equipment

Freehold Land is carried at historical cost. Other property, plant and equipment are stated at historical cost less accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under Other Non-Current Assets and the cost of the assets not put to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognized in net profit in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognised in the Statement of Profit and Loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

F. Depreciation and amortisation

The Company depreciates property, plant and equipment over their estimated useful lives as specified in Schedule II to the Companies act, 2013 using the straight-line method in respect of plant and machinery and buildings and in respect of other assets on written down value method.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. The useful life as prescribed under Schedule II of the Companies Act have been followed except in respect of the following categories of assets, in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc:

- Continuous process plant – 18 years
- Thermal power plant – 13 years
- Chlorine cylinders – 5 years
- Membranes – 5 years
- Soap plant – 15 years

G. Investment properties

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost-based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation of the technical experts.

**Notes to financial statements for the year ended 31st March, 2018**

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

H. Non-current assets held for sale/ distribution to owners and discontinued operations

The Company classifies non-current assets and disposal groups as held for sale/ distribution to owners if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale/ distribution will be made or that the decision to sell/ distribute will be withdrawn. Management must be committed to the sale/distribution expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale/ distribution classification is regarded met only when the assets or disposal group is available for immediate sale/ distribution in its present condition, subject only to terms that are usual and customary for sales/distribution of such assets (or disposal groups), its sale/ distribution is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale/ distribution of the asset or disposal group to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated,
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale/for distribution to owners and disposal groups are measured at the lower of their carrying amount and the fair value less costs to sell/ distribute. Assets and liabilities classified as held for sale/ distribution are presented separately in the balance sheet.

Property, plant and equipment and intangible assets once classified as held for sale/ distribution to owners are not depreciated or amortised.

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations
- Is a subsidiary acquired exclusively with a view to resale

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

Additional disclosures are provided in Note 32. All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

I. Impairment of Tangible Assets

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

TGV SRAAC LIMITED

(formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited)

Notes to financial statements for the year ended 31st March, 2018

In such cases, the recoverable amount is determined for the cash generating unit to which the asset belongs. If such assets are considered to be impaired, the impairment is recognized in the Statement of Profit and Loss and is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

J. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

● Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in two categories:

- Financial assets at amortised cost
- Equity instruments at fair value through other comprehensive income (FVTOCI)

Financial assets at amortised cost

A 'Financial asset' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables. For more information on receivables, refer to Note 8.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value.

The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

**Notes to financial statements for the year ended 31st March, 2018**

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement~ and either

- (a) the Company has transferred substantially all the risks and rewards of the asset, or
- (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

Impairment of Financial assets

The Company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss.

The Company follows "Simplified approach" for recognition of impairment loss allowance on trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in profit or loss.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

- **Financial liabilities**

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

TGV SRAAC LIMITED

(formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited)

Notes to financial statements for the year ended 31st March, 2018

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to borrowings.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

K. Investment in associates

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

Such investments in which the Company has no significant influence are accounted under Ind AS 109 at fair value and the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value.

The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

L. Inventories

Inventories are stated at the lower of cost and net realisable value after providing for obsolescence. Costs of inventories are determined on weighted average basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition.

M. Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

N. Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

• Current Tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit Before Tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

• Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

**Notes to financial statements for the year ended 31st March, 2018**

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

- **Current and Deferred Tax for the Year:**

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

O. Government Grants

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Grants related to revenue items are presented as part of profit or loss under general heading such as other income or they are deducted in reporting the related expenses. Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognized in profit or loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

P. Provisions, Contingent liabilities and Commitments

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Contingent liability is disclosed in the case of;

- A present obligation arising from past events, when it is not probable that an outflow of resources will not be required to settle the obligation.

TGV SRAAC LIMITED

(formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited)

Notes to financial statements for the year ended 31st March, 2018

- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each reporting period.

Contingent asset

Wherever there is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. A contingent asset is disclosed when the inflow of economic benefit is probable.

Q. Revenue Recognition

Effective 1st April, 2018 the Company has applied Ind AS 115: Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Ind AS 115 replaces Ind AS 18 Revenue. The impact of the adoption of the standard on the financial statements of the Company is insignificant.

Revenue from sale of goods is recognised when control of the products being sold is transferred to our customer and when there are no longer any unfulfilled obligations.

The Performance Obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms.

Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government such as goods and services tax, etc. Accumulated experience is used to estimate the provision for such discounts and rebates.

Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.

Our customers have the contractual right to return goods only when authorised by the Company. An estimate is made of goods that will be returned and a liability is recognised for this amount using a best estimate based on accumulated experience.

Income from services rendered is recognised based on agreements/arrangements with the customers as the service is performed and there are no unfulfilled obligations.

Interest income is recognized using the effective interest rate (EIR) method.

Dividend income on investments is recognised when the right to receive dividend is established.

R. Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Lease payments under operating leases are recognised as an expense on a straight-line basis in net profit in the Statement of Profit and Loss over the lease term.

S. Foreign Currencies

(i) Functional Currency:

The functional currency of the Company is the Indian rupee. These financial statements are presented in Indian rupees (rounded off to lakhs).

**Notes to financial statements for the year ended 31st March, 2018****(ii) Transactions and translations:**

In preparing the financial statements, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.

Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

T. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

U. Employee Benefits**Short term Employee Benefits:**

All employee benefits payable wholly within twelve months of rendering the services are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of Bonus, Ex-gratia, Leave Travel Allowance, Reimbursement of Medical Expenses, Personal Accident Policy, Deposit Linked Insurance Policy are recognised in the period in which the employee renders the related services.

Post-Employment Benefits:**(i) Defined Contribution Plan:**

The Company's contribution paid / payable during the year to Provident Fund, Superannuation Fund and other welfare funds are considered as defined contribution plans.

The Contribution paid / payable under these plans are recognised in the Statement of Profit and Loss during the period in which the employee renders the services.

(ii) Defined Benefit Plans:

The Gratuity Scheme managed by Life Insurance Corporation of India through a Trust is considered as defined benefit plan. The present value of the obligation is determined based on actuarial valuation using the Projected Unit Credit Method. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss and Other Comprehensive Income.

The fair value of the plan assets is reduced from the gross obligation under the defined benefit plan to recognise the obligation on net basis.

TGV SRAAC LIMITED

(formerly known as Sree Rayalaseema Alkalies and Allied Chemicals Limited)

Notes to financial statements for the year ended 31st March, 2018

Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs.

(iii) Long term Employee Benefits:

The obligation for long term employee benefits such as long term compensated absences, long service awards, etc. is recognised in the same manner as in the case of defined benefit plans as mentioned in (b) (ii) above except that the actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

V. Earnings per share

Basic earnings per share are computed by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The Company did not have any potentially dilutive securities in any of the period presented.

W. Estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Revenue recognition:

The Company applies judgement to determine whether each product or services promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised product or services are combined and accounted as a single performance obligation. The Company allocates the arrangement consideration to separately identifiable performance obligation deliverables based on their relative stand-alone selling price. Because the financial reporting of these contracts depends on estimates that are assessed continually during the term of these contracts, recognized revenue and profit are subject to revisions as the contract progresses to completion.

Useful lives and residual value of property, plant and equipment:

The Company reviews the useful life and residual value of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Allowance for expected credit losses:

Note 2(J) describes the use of practical expedient by computing the expected credit loss allowance for trade receivables based on provision matrix. The expected credit allowance is based on the aging of the days receivables which are past due and the rates derived based on past history of defaults in the provision matrix.

Fair value of investments:

The Company has invested in the equity instruments of various companies. However, the percentage of shareholding of the Company in such investee companies is very low and hence, it has not been provided with future projections including projected profit and loss account by those investee companies. Hence, the valuation exercise carried out by the Company with the help of available historical annual reports and other information in the public domain.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

**Notes to financial statements for the year ended 31st March, 2018****Contingent liability judgement:**

Note 27 describes claims against the Company not acknowledged as debt. Contingencies may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum of contingencies inherently involve the exercise of significant judgement and the use of estimates regarding the outcome of future events.

X. Recent accounting pronouncements

In March 2019, the Ministry of Corporate Affairs (MCA) issued the Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, 2019, notifying Ind AS 116 'Leases' and amendments to certain IND AS. The Standard / amendments are applicable to the Company with effect from 1st April 2019.

IND AS 116: Leases

The standard changes the recognition, measurement, presentation and disclosure of leases. It requires:

The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires the lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Statement of Profit and Loss. The standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The effective date for the adoption of Ind AS 116 is annual periods beginning on or after 1st April, 2019.

The standard permits two possible methods of transition:

Full retrospective – Retrospectively to each prior period presented applying Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors

Modified retrospective – Retrospectively, with the cumulative effect of initially applying the standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

Its carrying amount as if the standard had been applied since the commencement date, but discounted at the lessee's incremental borrowing rate at the date of initial application, or An amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application.

Certain practical expedients are available under both the methods.

The Company will adopt Ind AS 116 "Leases" and apply it to all its identified lease contracts existing on 1st April, 2019 as a lessee using the modified retrospective method.

The Company estimates that the adoption of Ind AS 116 as on 1st April, 2019 will increase total assets by approximately Rs.2,272 lakhs and will increase liabilities by approximately Rs.1,964 lakhs. The difference between the said liability and right of use for the period of lease that are expired is recognised in retained earnings.

Estimation of fair value

The Company obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the Company considers information from a variety of sources including:

Current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences

The main input used is the price per square metre as per state government's registration and stamps department rate for the property. All resulting fair value estimates for investment properties are included in level 2

Nature and purpose of other reserves

Securities Premium Reserve

Securities premium reserve is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Act.

Capital Redemption Reserve

Cumulative Redeemable Preference shares issued, subscribed and fully paid up 1,88,82,332 of Rs.10/- each having a coupon rate of 0.01% from April, 2002 were allotted on sub-division and consolidation of 50% holding of equity shares and are redeemable after 15 year in 4 quarterly instalments commencing from 1.04.2018.

As per section 55, of companies act, 2013 where such shares are proposed to be redeemed out of the profits of the company, there shall, out of such profits, be transferred, a sum equal to the nominal amount of the shares to be redeemed, to a reserve, to be called the Capital Redemption Reserve Account.

During the year the preference shares have been redeemed in 4 quarterly instalments. The balance in Capital Redemption Reserve account has been closed by transferring the amount to general reserve.

Other Reserve

Mandatory redeemable preference shares are treated as financial liability and are measured at amortised cost using effective rate of interest which is equivalent market rate of interest. The difference between fair value arrived using amortised cost and the actual issue value of preference shares is treated as other reserve.

During the year the preference shares have been redeemed in 4 quarterly instalments. The balance in the account has been closed by transferring the amount to general reserve.

Fair value of Equity Instruments through Other Comprehensive Income (FVTOCI)

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within the FVOCI equity investments reserve within other equity. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

General Reserve

The General Reserve is used from time to time to transfer profits from Retained Earnings for appropriation purpose. As General Reserve is created by a transfer from one component of Equity to another and is not an item of other comprehensive income, items included in the General reserve will not be reclassified subsequently to profit or loss.

Sensitivity Analysis:

Significant actuarial assumptions for determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below:

Period	As at 31st March, 2019	As at 31st March, 2018
Defined benefit obligation (base)	5,87,82,875 @ Salary increase rate: 7% and Discount rate: 7.75%	5,48,77,891 @ Salary increase rate: 7% and Discount rate: 7.75%
Liability with x% increase in discount rate	549.74; x=1%	505.98; x=1%
Liability with x% decrease in discount rate	630.54; x=1%	597.50; x=1%
Liability with x% increase in salary growth rate	630.43; x=1%	597.39; x=1%
Liability with x% decrease in salary growth rate	549.15; x=1%	505.32; x=1%
Liability with x% increase in withdrawal rate	589.09; x=1%	550.55; x=1%
Liability with x% decrease in withdrawal rate	586.40; x=1%	546.80; x=1%

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

Note: There are no transfers between levels 1 and 2 during the year.

Note 33 : Capital Management & Risk Management

Capital Management

The Company being in a capital intensive industry, its objective is to maintain a strong credit rating healthy capital ratios and establish a capital structure that would maximise the return to stakeholders through optimum mix of debt and equity.

The Company's capital requirement is mainly to fund its capacity expansion, repayment of principal and interest on its borrowings. The principal source of funding of the Company has been, and is expected to continue to be, cash generated from its operations supplemented by funding from bank borrowings.

The Company regularly considers other financing and refinancing opportunities to diversify its debt profile, reduce interest cost and align maturity profile of its debt commensurate with life of the assets, and closely monitors its judicious allocation amongst competing capital expansion projects and strategic acquisitions, to capture market opportunities at minimum risk.

Gearing Ratio

The Company monitors its capital using gearing ratio, The Company's strategy is to maintain gearing ratio below 1, which is total debt divided to total equity as given below:

(₹ in lakhs)

Particulars	As at 31st March, 2019	As at 31st March, 2018

**Notes to financial statements for the year ended 31st March, 2019**

* Total Debt is defined as secured long-term including current maturities of borrowings excluding cumulative redeemable preference shares

Financial risk management and objectives and policies

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact in the financial statements.

A Special Team with Senior Executives having exposure in various fields has been formed to assist Executive Director and CEO in

- (a) Overseeing and approving the Company's enterprise wide risk management framework, and
- (b) Overseeing that all the risks that the organisation faces such as market risk (including currency risk, interest rate risk and other price risk), Credit risk and liquidity risk have been identified and assessed and there is an adequate risk management infrastructure in place capable of addressing those risks.

The Executive Director and CEO, monitors and reports on the principal risks and uncertainties that can impact the company and its ability to achieve strategic objectives. The Company's management systems, organisational structures, processes, standards, code of conduct and behaviors together form the Management and business of the Company.

A. Market risk

The Company is exposed to market risk through changes in foreign currency exchange rates and changes in interest rates. Financial assets/liabilities affected by this risk are borrowings, letter of credits and trade receivables.

The Company's investments in listed and non-listed equity securities are susceptible to price risk arising from uncertainties about future value of the investment securities. The Company's non-current investment in equity shares are strategic investments and hence are considered as Fair Value through Other Comprehensive Income. The company's Board of Directors reviews and approves all equity investment decisions

Foreign Currency risk management

The Company operates internationally and is exposed to foreign currency risk arising from foreign currency transactions, primarily with respect to the US\$, EUR, JPY. Foreign exchange risk arises from import as well as exports of goods. The risk is measured through a forecast of highly probable foreign currency cash flows.

The special team as mentioned above analysis the options for hedging. Based on the analysis the management takes decision regarding hedging of foreign currency exposures. Currently, the Company has hedged certain foreign currency transactions of imports and balance transactions relating to imports are not hedged in the view of the natural hedging. The natural hedging is sufficient to manage the current foreign currency risk management.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities are restated at the end of each quarter. The same at the end of the reporting period are as follows :

Particulars	As at 31st March, 2019		As at 31st March, 2018

Interest Rate Risk Management

Interest rate risk is the risk that the fair value or future cash flows of a financial instruments will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's borrowings with floating base interest rates. Based on the interest rate sensitivity the Company decides on the management of interest rate risk.

Interest Rate Sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating base rate borrowings, as follows:

	As at 31st March, 2019	As at 31st March, 2018
	Impact on profit before tax	
Increase / Decrease in base points		
50 base points higher	(62.26)	(78.98)
50 base points lower	62.26	78.98

B. Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is operating through network of dealers based at different locations. Regular monitoring of the receivables is undertaken by the marketing department and in case the limits are exceeded, steps will be taken by the marketing departments and after discussing with the management the Company will decide whether to stop or not further supplies to the concerned dealer till the amount outstanding is recovered. For the export made by the Company, the sales are backed by ECGC Coverage or advance receipts. The internal risk management committee of the Company meets regularly to discuss the dealers and credit risks, measures taken to address them and the status and level of risk after the measures taken.

Export sales are fully secured through ECGC Coverage or against advance receipts. (refer Note No.8(a) for Trade Receivables outstanding).

C. Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company maintains flexibility in funding by maintaining availability under committed credit lines.

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.
